

- Petition -

To all Council Members and Planners, of the city of Kamloops Assembled: The petition of the undersigned residents of Kamloops states that: Kamloops Constituents want a Bylaw enacted to protect rights and freedoms WHEREAS

- Given the past actions of the City of Kamloops in dealing with unlawful mandatory vaccination, vaccine passports, masking, business lockdowns, travel restrictions, censorship and peaceful protest of Canadians was a political attack on the Canadian Bill of Rights and the Charter of Rights and Freedoms of all Canadians;
- Given that the City of Kamloops is actively working in collusion with private foreign corporate political groups - Davos, World Economic Forum, UN, ect and promoting their Agenda21, Aganda2030 and Agenda2050;
- Given that the City of Kamloops accepted foreign funds from the Union of British Columbia Municipalities (UBCM) through the Climate Action Revenue Incentive Program (CARIP) to promote these foreign Agenda;
- Given that the Kamloops CCAP (Community Climate Action Plan) sets out a political plan as seen in the private foreign corporate Agenda21, Aganda2030 and Agenda2050 for “Stakeholder” political control at the behest of “Taxpayers” rights and freedoms;
- Given that the country of Canada has guaranteed Citizens fundamental rights and freedoms as stated in the Canadian Bill of Rights and the Charter of Rights and Freedoms;
- Given that the fundamental rights and freedoms of Canadians specifically includes – the right to mobility, the right to bodily autonomy, the right to privacy, the right to generate an income, the right to be protected from criminal intimidation or extortion, the right to access goods and services, the right to freedom of speech and access to information, the right to association and the right to protest unpopular government decisions – among others ;
- It is shown that “Climate Crisis” is an “Emergency” fabricated by the same international group who developed the “Pandemic” “Emergency” as seen in the documents entitled “Scenarios for the Future of Technology and International Development – 2010 by the Rockefeller Foundation” and “COVID-19: The Great Reset – 2020 by Klause Schwab”;
- Given that the concept of “Smart City” or “15 Minute City” is to be set up as to surveille citizens, restrict mobility, refuse access on grounds of medical choices, forced digital ID, forced use of Central Bank Digital Currency (CBDC) and automatically debited Carbon Tax;
- Although there is a climate problem to resolve and some of the concepts in the Kamloops CCAP are good – the removal of Citizens fundamental rights and freedoms is not acceptable;
- The claim that it is necessary to remove rights and freedoms from citizens to curb pollution and GHG's is disingenuous and will result in a dictatorial control system;
- According to the Local Government Act the municipality of Kamloops must follow Canadian Law;
- Citizens of Kamloops do not support any private foreign corporate Agenda and the move of City Council to promote this foreign agenda without consultation and consent of citizens - offends the Community Charter;
- Accountability and citizen consultation in an inclusive and diverse Municipality is mandatory – and Citizens of Kamloops demand a voice on all future Agenda on Sustainable Development Plans;
- Kamloops Citizens want a Bylaw enacted which will uphold Canadians rights and freedoms, specifically that the city will not track and identify people, restrict movements, fine for movements in certain areas, carbon track, restrict the use of cash and restrict access to goods and services using a digital ID,
- Canadians are not willing to hand over our sovereignty, rights, security and freedoms to foreign corporate private control – regardless of any such private foreign corporate Agenda having been accepted by the city of Kamloops;
- Canadian Citizens want a public statement from the City of Kamloops, that they will enact a Bylaw to protect Citizens from these unconstitutional Agenda and uphold the rights and freedoms of Citizens forthright;

We, the undersigned citizens and residents call upon the City Council to:

1. Desist implementing the private foreign corporate UN, WEF Agenda21, Agenda2030 and Agenda2050;

*2. Call upon **the Mayor, City Councillors and Planning Department**, to publicly commit to uphold The Charter of Rights and Freedoms and the Canadian Bill of Rights by enacting a Bylaw to protect these fundamental rights and freedoms;*

*3. Call upon **City Councillors, the Mayor and Planning Department** to follow Canadian Law and represent the Citizens of Kamloops instead of foreign corporate private interest;*

Canadians feel our government has been following a foreign corporate unconstitutional agenda and demand the laws of Canada be followed instead.

Dated this _____ day of _____, 20__.
